## *INSIDE OUT*

(SPOKEN WORD)

Poetry is the most beautiful form for portrayal of ideas, cultures, emotions and dreams. Though a lot of styles compel one to adhere to a strict format, spoken word poetry leaves the pen unshackled and comes out to be the most liberating of all. Spoken word allows you to incorporate hip-hop, rap and abstract forms into your creation and present it strongly. Through this, the essence of the poem also gets deep rooted in the audience. Here, we wish to encourage the same.
