

DECIPHER (Decode-Encode)

Introduction

An encrypted message is being unknowingly transmitted to you. Is this a signal to some sort of Alien Invasion or mass Destruction, or the out worldly beings are impressed by your care towards Earth and befriend with you? Can you decrypt the message?

Game Play

1st Round:

A quiz is conducted to select 15 teams eligible for participating in the next level. This quiz will consist of 10, one or more than one answer correct type, fun filled questions. It will be a pen and paper type quiz and each team would be evaluated on the basis of number of correct responses in the quiz. There will be negative marking.

2nd Round:

This round will consist of some mind boggling coding problems with a twist of puzzle in them. It means that the question will not be a straightforward question. This will be an online coding round. Marking will be done on the basis of number of correct solutions submitted by teams and in case of tie the time factor and complexity of code will be considered to choose the winner.

Rules

- The team must not be more than 2 members. Register your team at www.blitzschlag.org
