

THINKOVATION

THINK TO INNOVATE

Introduction:

If you have random thoughts in mind to solve problems then this is the platform to showcase them. Three practical civil engineering problems will be given and participants have to give an innovative solution to the problem.

Game play:

- There will be only one round.
- The solutions have to be written on the spot.

Any act of use of unfair means will lead to disqualification of the team.

Specification:

Team size:

- Maximum of **three** and minimum of **two** members in a team are allowed.
- **Questions will be uploaded on fb page of the event** www.facebook.com/thinkovationblitz/
Register your team at www.blitzschlag.org

Topics:

- Environmental Engineering
- Structural Engineering
- Building material and designing

Judging Criteria:

- Innovation in the solution
- Originality and Uniqueness of the proposed solution
- Practical feasibility
- Relevance to the problem statement
- Presentation Quality

Note: The decision of the judges and the organizers shall be final and abiding.

Prizes

Prizes worth **3000** INR

Certificates will be given to all the participants.
